DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This farm is located on the south side of Toms Road just east of Beaver Creek, north of Boonsboro in Washington County, Maryland. The house is situated on a bluff and faces north, toward the road. It is a two story, five bay German sided house resting on fieldstone foundations which become nearly a full story in height at the front elevation. The siding could conceal frame or log construction.

Windows and doors are spaced at random in the walls. Trim consists of early 20th century period architraves with flat top pieces. Most windows have single pane double hung sashes. Doors have either five horizontal panels or four vertical panels and there are no transoms. At the front elevation, doors are located in the second and fourth bays at the main story level.

A shed roofed porch supported by turned posts extends along the front wall. Its lower section against the high foundation is enclosed with wooden latticework. At the rear or south of the house is a double porch included under the main roof span. It has doors at both levels.

The roof is covered with standing seam sheet metal and extends beyond the end walls. Small brick chimneys with corbels at their tops are located inside the east end wall and at the interior of the house several feet removed from the west end wall.

Behind the house is a kitchen or wash house with a partially exterior stone and brick chimney.

A frame bank barn is located south of the house.

The buildings appear to be in good condition.

STATEMENT OF SIGNIFICANCE

This farmstead consists of a German sided house built into a bluff, a frame bank barn and related outbuildings. The exterior surface treatment of the house is characteristic of the early 20th century. Further examination of the structure is necessary to determine whether the exterior treatment conceals an older building.
